OFFICIAL STATEMENT FROM MAYOR RUDY GIULIANI

DECEMBER 20TH, 2016

I write this morning from my New York apartment, overlooking the city I love. I am pondering my actions from the night before. I am pondering my fate, and what the Lord holds for it. For the first time in my life, I feel fully free. Like a weight has been lifted off of my heart. I have finally broken free.

I know time is short. I will not waste words. You have seen my comments on the so-called "PizzaGate" scandal. I can tell you that yes, it is completely true. This is common knowledge among those in power. The pedophile ring in Washington D.C. is the biggest in the world, with London's probably coming in second.

While I have never participated in these heinous acts, I know people who have and I know of many who have escaped prosecution. Time is too short to explain why I have remained silent for so long, but I will say that I would have never become Mayor of New York City if I did not "play ball," as it were.

I want the people reading this to know that they must never give up this fight. The media will keep lying. CNN will lie. Fox News will lie. NBC will lie. They will lie, and lie, and lie. They will call the truth a "lie." They will call real news "fake news." And they will call their lies the "truth." Reject all of it. Reject every word. Do not believe a single thing they say!

Fox News just called to cancel my latest scheduled appearance. If you see "me" on TV denying these Tweets, do not believe what you see. The government and media apparatus has technology 20 years ahead of what is available to the public. Technology far, far beyond what the general public has any idea of. They can create a real-time CGI human-like avatar; I have seen them and they are indistinguishable from real life. They also have clones and biometric avatars.

I will give you a hint, a little secret: in the new Star Wars film they re-created a deceased actor with CGI. They did it somewhat poorly on purpose. This has been standard procedure in Hollywood for many years now, and those orders come directly from the CIA. This is done to keep the public duped and fooled into thinking CGI technology has not progressed much since the late 90s. But it has in great measure, I can promise you.

Be ready. Prepare. Be vigilant. Question everything. Question your authority figures, for they live to lie to you. They relish the public's gullibility. You must stand up to them.

On one final note, a word about 9/11. To those who believe the "official story," you have been duped. You have been conned. And if you want to look in the right direction, do not look at Saudi Arabia or bin Laden. That is a nice little distraction. And look carefully at the tower structures and ask questions about how they fell. This is one of the greatest cover-ups of all of history.

To quote Voltaire - if you want to know who rules over you, ask yourself who (or what) you are not allowed to criticize. Ponder this deeply, and you will find many answers.

Pray for me.

Rudy

@RudolphGiuliani To say the number of missing children is high in VA is an understatement. Check the dates... Mostly 2014 and on.

Why would you expect a government of corrupt criminals & pedos to investigate themselves? This goes all the way to the W.H., CIA & DHS.

I have seen the bodies of raped and sodomized children, many kidnapped in Virginia. The cover-up goes to the top, highest levels in D.C.

We need to protect children. Anyone who calls #PizzaGate a "fake" story is likely a pedophile themselves, trying to deflect and cover it up.

CNN is nothing but pure propaganda & lies, and they have disrespected the victims of this terror event. The FCC needs to shut them down.

#PizzaGate is real. Washington D.C. is the center of world's biggest pedophile ring. Those trying to deflect and deny this story are pedos.
